

Remarks

The amendment filed on April 5, 2006 with the request for continuing examination failed to comply with 37 C.F.R. 1.121. Claims 4 and 7 contained deletions to claim text which were inadvertently not reflected in the listing of claims. The amendments were made using the "Track Changes" feature of Microsoft Office Word and apparently the deleted text did not show properly when finalized. The error occurred without any deceptive intent. This Preliminary Amendment is submitted solely to correct the listing of claim 4 and 7.

If the Examiner has any concerns about the application, or if the undersigned attorney can assist in expediting the allowance of the application, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,

Ernest D. Miller
